The Combined Federal Campaign (CFC) is a uniquely effective way for federal employees to help those in need in our community and around the world. The CFC is the annual fund-raising drive conducted by Federal employees in their workplace each fall.

Federal employees including members of the armed forces raise thousands of dollars through the CFC to benefit thousands of nonprofit charities. By enabling employees to designate to thousands of organizations and make their contributions through payroll deductions, the CFC continues to be the largest and most successful workplace fund-raising model in the world.

The CFC is a clear, visible and caring way for the federal workforce to assist the community. We value your support. Thank you for supporting your CFC.
